PREFACE.

In preparing "THE PARLIAMENTARY GUIDE AND WORK OF GENERAL REFERENCE" for 1903, every care has been taken to make it accurate and reliable. Besides the information concerning the Parliament of Canada and the several Legislatures of the Provinces and Territories, the work contains a list of titles bestowed on Canadians, party platforms, population and area of Canada, and other useful facts and tables. The figures of the votes cast at the federal and each provincial general election for each candidate are in every case official.

THE PARLIAMENT OF CANADA.

(1903.)

The Parliament of Canada consists of the Sovereign, the Senate, and the House of Commons.

THE SOVEREIGN.

His Most Excellent Majesty, Edward VII., by the Grace of God, of the United Kingdom of Great Britain and Ireland, King, Defender of the Faith, Emperor of India, born Nov. 9, 1841 ; succeeded to the Throne Jan. 22, 1901, on the death of his mother, Victoria.

THE SENATE.

The Senate, as at present constituted, consists of 81 members, 24 each from Ontario and Quebec, ten each from Nova Scotia and New Brunswick, four each from Prince Edward Island and Manitoba, three from British Columbia and two from the Northwest Territories.

THE HOUSE OF COMMONS.

The House of Commons, which is elected by the people for a maximum term of five years, consists of 214 members.

The number is fixed under the provisions of the Act of Confederation, and the representation is arranged after each decennial census, by Act of Parliament, the basis being that the Province of Quebec is always to have 65 Representatives, and each of the other provinces such a number as will give the same proportion of representatives to its population, as the number 65 bears to the population of Quebec as ascertained by the census. British Columbia, by the terms of the agreement made between the Dominion and province prior to the union, is to have at least six members.

A Redistribution Bill, introduced by Sir Wilfrid Laurier, March 31, 1903, provided for an increase in the membership of the House of Commons from 213 to 214, divided as follows :—

Ontario.....	86—a loss of six
Quebec.....	65—no change
Nova Scotia.....	18—a loss of two
New Brunswick.....	13—a loss of one
Prince Edward Island....	4—a loss of one
Manitoba.....	10—a gain of three
British Columbia.....	7—a gain of one
Territories.....	10—a gain of ten
Yukon.....	1—no change

Unit of representation (vide p. 709 Hansard, 1903) 25,367. These changes to take effect only after the dissolution of the Parliament elected in 1900.

The Ontario Legislature took a division on the motions respecting the Gamey inquiry on June 26, 1903. There was an amendment to Premier Ross' original motion adopting the report of the commission and thanking the judges for their labors. This amendment took the opposite view to that of the judges and condemned Mr. Stratton. The government side then moved an amendment to the amendment adding to the original motion the censure of the House on Mr. Gamey. After a very long debate the amendment to the amendment censuring Mr. Gamey was carried by a majority of four, and the report of the commisison finding Mr. Stratton innocent, was adopted by the same majority.

On July 27, at the request of the Premier, Mr. Martin resigned, and was succeeded, Aug. 7, 1899, by Mr. Alex. Henderson. On Feb. 27, 1900, the Lieutenant-Governor, McInnes, dismissed the ministry, and called on Mr. Joseph Martin to form a government.

THE MARTIN MINISTRY.

March 1, 1900—June 14, 1900.

Hon. Joseph Martin, Premier and Attorney-General.
Hon. C. S. Ryder, Minister of Finance.
Hon. Smith Curtis, Minister of Mines.
Hon. J. Stuart Yates, Chief Commissioner Lands and Works.
Hon. George W. Beebe, Provincial Secretary.

In April, 1900, Mr. Ryder retired and Hon. J. C. Brown became Minister of Finance. Mr. Martin appealed to the country, and, in consequence of the elections resigned office, June 14, 1900. Mr. Dunsmuir was called on to form a Cabinet. Another result of the elections was the dismissal from office of Lieutenant-Governor McInnes, June 21, 1900.

THE DUNSMUIR MINISTRY.

June 15, 1900—November, 1902.

Hon. James Dunsmuir, Premier and President of the Council.

Hon. D. McE. Eberts, Attorney-General.
Hon. J. H. Turner, Minister of Finance and Agriculture.
Hon. Rich. McBride, Minister of Mines.
Hon. W. C. Wells, Chief Commissioner Lands and Works.
Hon. J. D. Prentice, Provincial Secretary and Minister of Education.

The Premier and Messrs. Eberts and Turner were sworn in June 15, but Messrs. Wells, McBride and Prentice not till June 21. Mr. Turner resigned September 3, 1901, to accept position as Agent-General in London. Mr. Prentice became Finance Minister and Mr. J. C. Brown, M.P.P., was sworn in Sept. 3, 1901, as Provincial Secretary. Mr. McBride thereupon resigned from the Cabinet, in consequence of the calling in of Mr. Brown. On going back for re-election, Mr. Brown was defeated, and resigned his portfolio. Mr. McBride's place was filled by the appointment of Hon. E. G. Prior, Feb. 26, 1902.

Mr. Dunsmuir resigned Nov. 21, 1902, and Mr. Prior was called on to form a government.

THE PRIOR MINISTRY.

Nov. 21, 1902—June 1, 1903.

Hon. Edward G. Prior, Premier and Minister of Mines.
Hon. D. McE. Eberts, Attorney-General.
Hon. James D. Prentice, Minister of Finance and Agriculture.
Hon. Denis Murphy, Provincial Secretary.
Hon. W. C. Wells, Chief Commissioner of Lands and Works.
Hon. W. W. B. McInnes, President of the Council.

Messrs. Wells and Murphy were appointed Nov. 22, and Messrs. Eberts and McInnes Nov. 25. Mr. Murphy relinquished office within a few days, and Mr. McInnes was appointed Provincial Secretary and Minister in charge of Education Dec. 1, 1902, having been President of the Council for one week.

On May 26, 1903, it was announced that Premier Prior had requested the resignation of Mr. Eberts and Mr. Wells. On May 27 Mr. McInnes resigned, in order, he explained, to facilitate an appeal to the country on party lines. The House re-assembled after an adjournment of some weeks, May 27. The adjournment took

place in order to afford a special committee opportunity of taking evidence in regard to the Columbia and Western railway land grants, and the positions of officials of the C.P.R. in that affair. When the House reassembled, Premier Prior stated that he had formed the opinion that it was impossible for the government to be carried on effectively with acute differences of opinion existing between its members. He had acquainted the Lieutenant-Governor with the situation, and had been promised a dissolution as soon as the supplies had been voted. Subsequently the Premier moved the adjournment of the House, and the motion was voted down by 14 to 17. After discussion, a motion, by the Opposition, to adjourn was also voted down, and subsequently a motion to adjourn, made by the Premier, was agreed to. On May 28 Col. Prior asked the House to vote the supplies necessary until the new House was elected. This request was refused by a vote of 19 to 16. Mr. Curtis moved for a committee to investigate a newspaper charge that Col. Prior had improperly secured a contract to his firm from a department of which he was at the time Acting Minister. He concurred in Mr. Curtis' motion. On the committee reporting the evidence, Col. Prior acknowledged that he had been indiscreet, but denied that he had been dishonest.

On June 1 the Lieutenant-Governor dismissed the Prior Ministry, and called on the Hon. Richard McBride to form a government, which he succeeded in doing, as follows:—

THE McBRIDE MINISTRY.

June 1, 1903.

Hon Richard McBride, Premier and Chief Commissioner of Lands and Works.
Hon. A. E. McPhillips, Attorney-General.
Hon. R. G. Tatlow, Minister of Finance and Agriculture.
Hon. Charles Wilson, President of the Council.
Hon. Robert F. Green, Minister of Mines and Provincial Secretary, and Minister in charge of the Education Department.

OFFICIALS MANITOBA LEGISLATURE.

Clerk of House—Armand H. Corelli.
Sergeant-at-Arms—John Macdougall.
Clerk of Executive Council—C. Graburn.

THE PLATFORM OF THE LIBERAL PARTY OF MANITOBA.

ADOPTED IN COUNCIL, MARCH 25TH, 1903.

(1). The present Government merits condemnation for having, in contempt of its pledges, increased the current expenditure of the Province by a sum exceeding $200,000.00 yearly, for which outlay the Province receives no sufficient compensating advantages; the expenditure for civil government alone in 1902 was $75,000 in excess of that of 1898; and the Liberal party pledges itself, if returned to power, to a policy of strictest economy and retrenchment, in order that the current expenditure may be kept within the limits of our ordinary revenue.

(2). The Government also deserves condemnation in that it has misapplied trust funds, such as the school lands moneys and the proceeds of the M. and N.W. lands. The Liberal party pledges itself that in every case such funds shall be expended only for the purposes for which they were originally intended.

(3). The present Administration has violated a fundamental principle of responsible government in making expenditures without the money therefor being appropriated by the Legislature, and has improperly diverted school lands funds to purposes other than the maintenance of public schools; and we hereby re-affirm the time-honored Liberal principle, that no moneys be expended without the authority of Parliament.

(4). The failure of the present Government to select and have transferred to the province from the C.N.R. the 256,000 acres in settlement of the Province's claim against the Winnipeg and Hudson's Bay Railway, obtained by the commendable action of the Greenway Administration, has resulted in a serious impairment of the assets of the Province through the sale by the company of the most desirable lands; and the necessity of securing an immediate title to the lands as yet unselected is hereby affirmed.

(5). The attempt by the present Government to solve the transportation problem has failed, and the Province has received no compensating considerations

for the enormous contingent liability assumed by it. The number of competing systems within the Province has been reduced from three to two, with a consequent impairment of service that has prejudically affected the commercial and agricultural interests of the Province. The Liberal party assert that it is the duty of the Government of Manitoba to secure forthwith those additional transportation facilities required by our growing necessities.

(6). The position of the present Government regarding the question of prohibition has been one of inconsistency, bad faith and political duplicity deserving the censure of the people. It shall be the purpose of the Liberal party, if returned to power, to introduce from time to time such further restrictive legislation as will be in conformity with the growing temperance sentiment, and at once to take steps rigidly to enforce the present license law.

(7). Resolved that the administration of justice be decentralized and further simplified, and the cost of litigation be reduced.

(8). The present Franchise Act is un-British, cumbersome and expensive, and in operation will be found entirely unsuited to the conditions of this country. We declare in favor of a simpler method of preparing the voters' list to be based upon lists of resident ratepayers compiled by the municipal authorities, and supplemented by personal registration.

(9). We still adhere to the Liberal principle of representation by population, which has been conspicuously violated by the present government in the redistribution measure passed at the last session of the Legislature.

(10) We regret the introduction into this Province by the present Provincial Administration of the Spoils System, and we declare in favor of the establishment and maintenace of an efficient and non-partisan civil service.

(11). The Liberal party in this Province is strongly in favor of the lowest possible tariff on imports, and condemns the utterances of the present Premier favor-

ing a repeal of the British Preference, and a tariff based upon that of the United States, and re-affirms the principles laid down on this question at the Liberal Convention in December, 1901, as follows:—

"This Convention feels confident that, with due consideration for the varied productive industries of the country, the Government, in so far as the just demands upon the revenue will permit, will continue to apply the principle of placing taxation upon the basis of a Revenue Tariff, having special regard to the development of the great agricultural resources of Western Canada, keeping in view the fact that lumber, woollen goods, agricultural implements and coal oil are articles of prime necessity to the Western farmer."

REDISTRIBUTION BILL.

Premier Haultain's Redistribution Bill respecting the Legislative Assembly of the Territories was adopted at the session of 1903. It provided for an increase in the number of members in the Assembly from thirty-one to thirty-five. The four new districts created are Cardston, Lacombe, Maple Creek and Strathcona, while Prince Albert East and Prince Albert West are changed and are now known as Prince Albert and Saskatoon. The boundaries of several of the other constituencies were also altered.

REGINA A CITY.

The Bill incorporating Regina as a city was assented to and became law June 19, 1903.

THE MOOSE JAW CONVENTION.

The following platform was adopted by the Conservative Convention, which met at Moose Jaw, March 26, 1903:—

1st. That the Liberal-Conservatives of the North-West Territories, in Convention assembled, congratulate Mr. R. L. Borden, K.C., M.P., upon his rapid promotion to the leadership of the Liberal-Conservative party of Canada, and upon his able and effective leadership of the party, and congratulate their fellow Conservatives throughout the Dominion on having secured the services of a leader whose unequivocal support of the claims of the people of these Territories to be immediately granted a full measure of provincial autonomy, including provincial ownership and control of the public domains, and whose recognition of the principle of our claims for compensation for lands alienated has, in an especial manner, commended him and that party to the support and confidence of the people of these Territories.

2nd. That this Convention is unanimously opposed to the grant by Parliament of any of the public domains of the North-West Territories, by way of bonus to railway or other corporations, or the alienation of, or the sale of, or the lease of, lands, except to bona fide settlers.

3rd. Resolved that, in the opinion of this Convention, the Liberal party is deserving of censure in not having prosecuted earnestly and vigorously the wholesale corrupt practises and frauds that have taken place in elections, and in having pardoned those found guilty of practises. And we consider this censure more particularly deserved, in view of the loud profession of purity and anti-corruption made by the Liberal party when seeking office.

4th. Resolved that the Dominion Election Act as applicable to the North-West Territories is productive of frauds in elections, and that, in the opinion of the

Convention, it should be so amended as to provide for a proper and efficient system of registration of voters.

5th. Whereas the North-West Territories is acutely suffering at the present time from inadequate transportation facilities, our farmers, business men and others losing heavily thereby, and whereas this state of affairs could easily be remedied by a policy of energy. Therefore, be it resolved that the Convention deplores the fact that the Dominion Government has not made any effort to secure the immediate amelioration of the conditions under which we suffer, and we further deplore the fact that the Dominion authorities refuse to the Territories the right to deal as they deem best with the railway question—a right possessed by every other political division of Canada; and further, this Convention declares in favor of the building of a railway to Hudson's Bay as one means to provide a cheaper and more direct outlet for the products of the Territories; and we further demand as a right that the Dominion Government either secure to us immediately the railway facilities necessary or grant to us the power to secure them for ourselves.

6th. Resolved that the Federal Government has neglected, and is neglecting, the interests of the Territories by the wholly inadequate provision which has been made for local necessities as well as by its niggardly appropriations for federal purposes in spite of the largely increased dmands created by the rapid growth of population; and further, by withholding the rights of self government enjoyed by their fellow citizens in other parts of the Dominion, the Federal Government is depriving them of the power of aiding a development which is being retarded by its parsimony and inaction.

7th. That, in furtherance of the objects of this Convention, be it resolved: That Conservative candidates as such be placed in nomination in every constituency at the next general election of members to the Legislative Assembly of the North-West Territories, and kept in the field till the close of the polls.

8th. That, in the opinion of this Convention, provincial autonomy and the granting of provincial institutions upon the same terms as those enjoyed by the older provinces of the Dominion—including the ownership of our public lands, our mines and minerals, and compensation for lands alienated for Federal purposes —should be immediately granted to the Territories.

9th. This Convention condemns the Liberal party for its lack of any fixed and definite policy upon the great questions affecting the development of the Dominion, for the large and increasing annual expenditure of public money, for which we in the West are receiving no adequate return, for the discordant opinions expressed by the members of the Government upon the tariff and allied questions, and for the practical non-enforcement of the alien labor law.

10th. That representation was granted to the new provinces of British Columbia and Manitoba without regard to the then population of such provinces, and the application of the principle to the North-West Territories, even upon the basis of the present population, as per statement of the Minister of the Interior, would secure in the Territories a representation in the House of Commons of at least 18 members.

11th. We affirm our faith in the traditional policy of the Conservative party as defined by its leader, and declare that the industrial and agricultural development of Canada is wrapped up in the adoption of a sound fiscal policy, based on the adequate protection of home industries, securing for our agriculturist the home market, and maintaining the highest scale of Canadian wage, the supremacy of the Canadian workshop, and the development of the enormous natural resources of the Dominion. That our party should steadily strive to obtain a mutual preferential tariff within the Empire, and the future growth of Canada requires a fixed and definite policy of national development, which can only be successfully carried into effect by the Conservative party, which first recognized the possibilities of the Canadian West, and adopted a national policy for the upbuilding and establishment of native industries, the development of our native resources, and providing employment for our own people.

12th. That combinations of capital, by whatever name they are called, must obey the law and submit to legal restraint if they become pernicious dangerous to the public safety or tyrannical, or if they attempt to use their power to crush out lawful competition, as has been the case in respect to the lumber business in the Territories, and the law should be so amended as to place in the hands of the people the means of readily and effectually dealing with such combinations.

THE ROYAL MILITARY COLLEGE

There are few national institutions of more value and interest to the country than the Royal Military College at Kingston. At the same time its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government Institution, designed primarily for the purpose of giving the highest technical instruction in all branches of military science to cadets and officers of the Canadian Militia. In fact, it is intended to take the place in Canada of the English Woolwich and Sandhurst and the American West Point.

The Commandant and military instructors are all officers on the active list of the Imperial Army, lent for the purpose, and, in addition, there is a complete staff of professors for the civil subjects which form such a large proportion of the College course.

Whilst the College is organized on a strictly military basis the cadets receive in addition to their military studies a thoroughly practical, scientific and sound training in all subjects that are essential to a high and general modern education.

The course in mathematics is very complete and a thorough grounding is given in the subjects of Civil Engineering, Civil and Hydrographic Surveying, Physics, Chemistry, French and English.

The object of the College course is thus to give the cadets a training which shall thoroughly equip them for either a military or civil career.

The strict discipline maintained at the College is one of the most valuable features of the system. As a result of it young men acquire habits of obedience and self-control and consequently of self-reliance and command, as well as experience in controlling and handling their fellows.

In addition the constant practice of gymnastics, drills and outdoor exercises of all kinds, ensures good health and fine physical condition.

An experienced medical officer is in attendance at the College daily.

Five commissions in the Imperial regular army are annually awarded as prizes to the cadets.

The length of course is three years, in three terms of 9½ months' residence each.

The total cost of the three years' course, including board, uniforms, instructional material, and all extras, is from $750 to $800.

The annual competitive examination for admission to the College will take place at the headquarters of the several military districts in which candidates reside, in May of each year.

For full particulars of this examination or for any other information, application should be made as soon as possible, to the Adjutant-General of Militia, at Ottawa, Ont.

THE CANADIAN NORTH-WEST.

HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the North-West Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office for the District in which the land to be taken is situate, or if the homesteader desires he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the Local Agent for the district in which the land is situate, receive authority or some one to make entry for him. A fee of $10 is charged for a homestead entry.

HOMESTEAD DUTIES.

A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto to perform the conditions connected therewith, under one of the following plans :—

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses (2), (3) or (4) must cultivate 30 acres of his homestead, or substitute 20 head of stock, with buildings for their accommodation, and have besides 80 acres substantially fenced.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

APPLICATION FOR PATENT

Should be made at the end of the three years, before the Local Agent, Sub-Agent or the Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissoner of Dominion Lands at Ottawa of his intention to do so.

INFORMATION.

Newly arrived immigrants will receive at the Immigration Office in Winnipeg, or at any Dominion Lands Office in Manitoba or the North-West Territories information as to the lands that are open for entry, and from the officers in charge free of expense, advice and assistance in securing lands to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa ; the Commissioner of Immigration, Winnipeg, Manitoba ; or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

JAMES A. SMART,
Deputy Minister of the Interior.
